

# Colon Cancer Incidence by Age

---

Examine the following graph, then answer the questions.

1. How likely is it that you will develop colon cancer this year?
2. How likely is it that someone who is 60 years old will develop colon cancer this year?
3. How likely is it that someone who is 80 years old will develop colon cancer this year?
4. How can we explain this change in the risk of a person developing colon cancer?
